LIQUID SEAWEED PLANT BIO-STIMULANT (LSPB)

Liquid Seaweed Plant Bio- Stimulant (LSPB)

Maziq Farm Technologies owns patented technology for Technical of Liquid Seaweed Plant Bio Stimulant (LSPB) from Council of Scientific & Industrial Research- Central Salt & Marine Chemicals Research Institute (CSIR- CSMCRI), Bhavnagar (Gujarat), Which is constituent R & D laboratory of Council of Science & Industrial Research – New Delhi (CSIR), Under the aegis of Ministry of Science & Technology – New Delhi

MFTPL has World Class Machinery available in the Factory for MFG OF LSPB & has a good LAB Instruments Facility Division for R & D analysis.

CSIR-CSMCRI has issued a certificated of chemical constituents present in the LSPB. Further, they have also assured to extend the same facilities to analyse our batch products of LSPB in future to confirm the quality of our batch products before marketing the same to maintain the ethics of company.

Advantages:

- Excellent soil conditioner.
- Improves stress tolerance against Biotic & Abiotic Factors.
- Improve the water-holding characteristics of soil.
